CAMPING AND HIKING

Name: _____ Date: _____

Guidelines for Project Proficiency Award
<u>Advanced</u>

		<u>Date Completed</u>	<u>Leader's Initials</u>
1.	Explain these terms: erosion, ecosystem, conservation, vegetation, predator, food chain, habitat and biodegradable.	——	——
2.	Demonstrate how to find the four basic directions using the sun and/or moon and a compass.	——	——
3.	Identify at least five potential emergency situations that could occur in an outdoor adventure. Describe how to prevent the situation and how to deal with the emergency if it occurs.	——	——
4.	Help someone else by sharing your knowledge or by participating in an activity that has to do with preserving the outdoors in a pristine state, or restoration of a wildlife area.	——	——
5.	Try one of the following with adult supervision and permission: fishing, rafting, ropes course, canoeing, mountain biking, backpacking, kayaking, caving, or rock climbing.	——	——
6.	Demonstrate an ecosystem by building a terrarium.	——	——
7.	Keep record in a least two of the following categories: wildlife, plant/soil, rocks/minerals, fish, birds, etc. Describe what you saw, when seen, what it was like, where found and how many.	——	——
8.	Make at least one piece of practical equipment that can be used on an outing (example solar oven, lean to, outdoor shower, etc)	——	——
9.	Draw a simple map that could be used by another person for directions to an outing.	——	——
10.	Explain how to test water for portability. Describe two methods for making water potable.	——	——
11.	Be a Jr/Teen leader for your Camping project.	——	——
12.	Demonstrate to project members how to tie five different knots and tell how each should be used.	——	——
13.	Plan a menu for a three day overnight outing.	——	——
14.	Participate in one field visit to an outdoor equipment manufacturer or provider.	——	——
15.	Give a presentation at County Presentation Day.	——	——
