

**VSAT**  
Veterans Sustainable  
Agriculture Training, LLC.

The background of the slide is a close-up, macro shot of a green leaf. A circular opening in the leaf's surface acts as a lens, showing a clear, detailed view of the Earth from space. The globe is centered, showing the Americas and parts of Europe and Africa. The colors of the globe are vibrant, with deep blues for the oceans and various shades of green and brown for the continents. The leaf's veins are visible around the opening, and the overall lighting is bright and natural, suggesting a sunny day.

# Overview

## Archi's Acres and the VSAT program

» .to » »

# Innovation

# Water Efficiency

# Transition

# Agribusiness Training Course
