LEARNING EXPERIENCES

Explain what you did, what you learned, and the skills you gained in the project.

Include the level of participation: *I* = Individual, *L* = Local Club/Unit/Project, *C* = County/Area/District,
M = Multi-county/Section, *S* = State, *N* = National/Multi-State, *G* = Global

Date	Level	Hours	What did you do? Where? What did you learn or what skill did you practice?
11/7/2015	L	1.5	Today we had our first meeting at our leader's house, Tami Lander. We went over the basic parts of a saddle, how to put boots and wraps on a horse, how to properly get in and out of a saddle, and how to put on a helmet.
12/12/2015	L	2.5	Today we learned how to properly put on a saddle, give explanations why certain parts are important, and then why you lunge a horse. I even got to go lunge the mare, which had some hard work in it because she thought she could get away with yanking the lead rope from my hands, and I had to be stationary even if she pulled. Then some of the younger members learned how to walk and tie up a horse correctly.
2/20/2016	S	8	For the past two years it has become a tradition to go to the Fresno State Equine Field Day held at the Fresno State Equestrian Center on its campus. We got up fairly early to get there, and it was pretty good weather. The sessions started around 9 o'clock, and our first one was on hunter jumper, a type of event in horse shows. It wasn't my favorite but I learned a lot. The next one, and my personal favorite was barrel racing, where they even had a two time national champion there to show how to do it! After that we had lunch, which was quite refreshing on the park benches outside. The last two sessions of the day were on horsemanship and showmanship, which were pretty interesting. I felt that there was much more I learned than I did last year.
3/19/2016	L	2.5	We had a meeting at one of our member's trainer's house. There, we learned how to properly clean a horse, determine what bit to use in a horse's mouth, and what to carry in a first aid kit. The demonstration about the first aid kit was interesting because although it had the items you would assume you'd need; it also had some oddball items, such as duct tape and a tape measure. After the informational part, we saddled up a few horses and got the younger members on them so they could

			ride around. It was amazing to see how happy they were, since a few of them had never been on a horse before, and for others, it was their hundredth time.
4/28/2016	L	-	Missed meeting at pizza place for project wrap-up.

Revised 01/15

Number	List things made, raised, grown, or improved.	List honors or awards earned.
	None	

List citizenship activities	List leadership development activities
Valley View Equine Ranch cleanup	

Expenses and Income/Value			
<i>Summarize, totaling all expenses such as: ingredients, feed, vet supplies/visits, materials, exhibitor's fees, and all income such as: value of finished products, animals sold, exhibit premiums, etc.</i>			
Item	Number	Expense	Income or Value
Registration for Equine Field Day	1	\$10	
Totals		\$10	
Total Profit or Loss			\$10

If another member was thinking about taking this project next year, what would you tell them about what can be learned in this project?

I would tell them that as a second year member, I learned a lot of valid information and would recommend this to anyone wishing to try something new and exciting!

I have personally prepared this report and believe it to be correct.
