

Citrus Growers Education Seminars in Temecula, June 29, 2017

The Citrus Research Board (CRB) is proud to announce the return of the Citrus Grower Seminar Series, co-produced by the University of California Cooperative Extension (UCCE). Three different meeting dates and locations will give growers from different regions the opportunity to attend.

The FREE half-day seminars start at 8:00 a.m. and are expected to end at 12:00 p.m. Registration will begin at 7:30 a.m. Citrus experts from California and Florida will be sharing their knowledge and expertise with topics on: Asian citrus psyllid (ACP) and Huanglongbing (HLB), integrated pest management, rootstocks, new varieties and alternate bearing.
