Supplies You Will Need

2 x 10' PVC Pipe (cut to size)

3/4" Pipe Diameter is Best

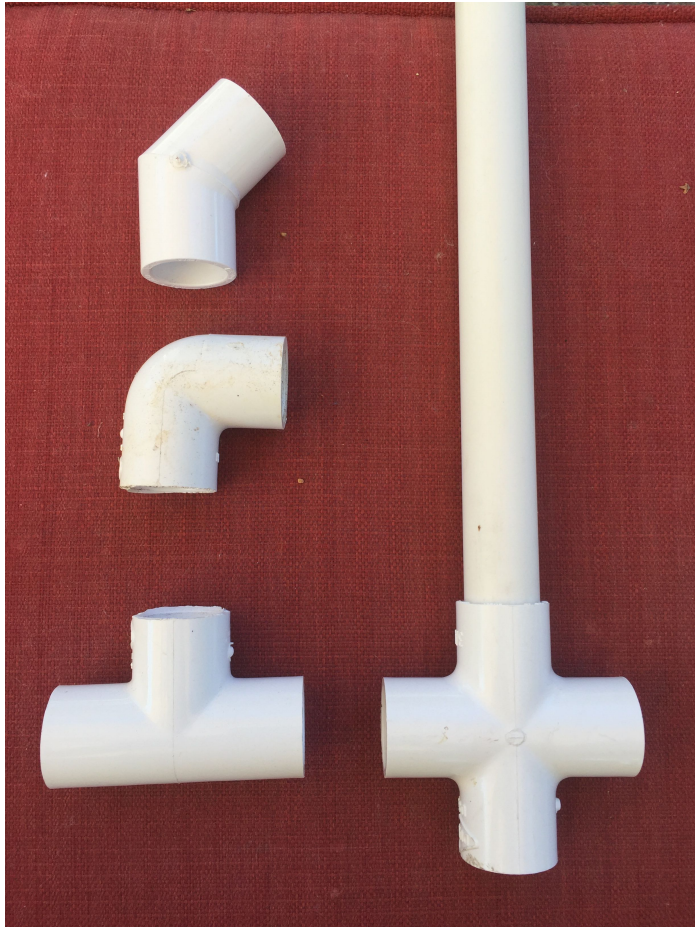

3/4" PVC Pipe Connectors

PVC Pipe Cutter

Rubber Mallet

Super Glue

$\frac{3}{4}$ " PVC Pipe Coupling Parts you will need.

4 - 45° Elbows

6 - 90° Elbows

3 - T's

1 - 4 way connector

2 - 10' lengths of

$\frac{3}{4}$ " PVC Pipe

$\frac{3}{4}$ " PVC Pipe holds up in the heat & wind better than $\frac{1}{2}$ " PVC Pipe.

PVC Pipe Connectors

Picture 1 - Base uses 2 - T's at the center & 4 - 90° PVC Connectors at the corners.

Picture 2 - Connect legs and hips with 1 - T and 2 - 90° PVC Connector. Connect shoulders, body and neck/head with 4 way connector at top and 2 - 45° connectors at the shoulders and 2 - 45° at the elbows.

Picture 3 - Completed Scarecrow frame it is ready to be padded or dressed.
If needed a little glue at connectors will help connectors to not slide.

PVC Pipe Measurements for the framing

Legs - 2 x 37"

Hips - 2 x 6" to 8"

Upper Body - 1 x 16"

Shoulders - 2 x 6" to 8"

Neck / Head - 8" to 10"

Upper Arms - 2 x 12"

Forearms - 2 x 10"

Base is made up of 2 x 15"
and 4 x 8 ½" lengths

These are only suggestions.
It will take up 2 - 10' ¾" PVC
Pipe almost exactly.
