

**December 3, 2018**

## **Grapevine Production Short Course**

**February 12-15, 2019**

**Springhill Suites Napa, CA and Oakville Experimental Vineyard Oakville, CA  
UC Davis**

Plan to join us for this integrated vineyard management short course featuring UC faculty, Cooperative Extension specialists and farm advisors, and USDA researchers who will provide an in-depth, comprehensive study of all phases of grapevine culture and production.

The program is based on the latest information and research and will cover the fundamental principles that form the basis for practical decisions and include Q&A for each session, quality time with instructors and networking opportunities.

**Who should attend:** New and experienced growers as well as other industry members interested in commercial grape production. Space is limited, register early if you plan on attending.

### **About the UC Cooperative Extension**

The University of California Cooperative Extension offices are local problem-solving centers. Campus-based specialists and county-based farm, home and youth advisors work as teams to bring the University's research-based information to Californians. UCCE is a full partnership of federal, state, county, and private resources linked in applied research and educational outreach. UCCE develops and extends timely and pertinent information in a manner, which is independent, unbiased, noncommercial, and research based. These fundamental criteria set it apart from all other information resources.
