

## Prescribed Burning & Grazing on Private Lands

Friday, November 9, 2018

Bennett Valley Guild Hall

8 am - 1:30 pm

4145 Grange Road, Santa Rosa, CA 95404

**Are you interested in using prescribed fire as a management tool? Are you curious about options for planning and implementing prescribed burning or prescribed grazing projects on your land? If so, this workshop is for you!**

This workshop is designed for landowners and land managers, and anyone else who is interested in learning more about using prescribed fire on private lands in California.

### Topics include:

- Fire ecology of the North Coast
- Using prescribed grazing and prescribed fire to manage California rangelands
- Prescribed burn associations: a model for private lands burning
- Prescribed fire permitting and legal considerations
- Air quality and smoke management
- Burn planning: developing a prescription, environmental considerations
- Funding opportunities for prescribed fire
- A vision for prescribed fire in Sonoma County

**This event is \$15 and includes workshop materials, lunch and refreshments.**

**Registration and Credit Card Payments Online at:**

<http://ucanr.edu/prescribedburn>

**Or mail in registration in by Nov 2**

**The workshop will be led by cooperative extension staff in collaboration with local non-profits and agencies.**
