Old Business:

Grant Cycle application:

Due by March 1st, but people may need an extension on that because some have just found out about it. Notice was posted last week. We won't advertise the extension but will grant it if people approach us and request an extension.

Zoom presentations:

We'll see how many applicants we get, then set the date. We'll meet before this to decide what to do.

Previous grantees funding/projects/expenditure/reports:

Ana could develop a list of 2020 grantees that shows if they've cashed the check, submitted invoices, and completed the projects from 2020. About \$10K available at this point. Ed will check with Lori Frugoli to see if more funding is coming.
