asked about Aromas 4-H

Aromas 4-H Club

Oct. 3, 2020

Dear _____,

Thank you for asking about Aromas 4-H. We are glad you are interested in receiving more information.

4-H Youth Development Program is a nation-wide program for kids from 9 to 19 years old. The focus of all 4-H programs is positive youth development through activities in science literacy, healthy living, and citizenship. 4-H programs provide lots opportunities to have fun and learn new skills in a hands-on way. 4-H offers a wide variety experiences not only near home, but also statewide, nationwide and in the world.

Our local club currently meets virtually on Zoom on the first Friday of every month at 7pm. Soon, we hope to resume meeting as a whole group at the Aromas Grange hall where we have a short meeting conducted by youth members, followed by educational programs, refreshments, games, and other fun activities. Other meetings pertaining to specific projects are held throughout the month. Just some of the projects we currently offer are Shooting Sports, Food Preservation, Leadership, and several animal projects, such as Poultry, Swine, Goats and Sheep.

Call the Community Club Leader, Mrs. Palmer at 831-726-1348 for information about attending a meeting of Aromas 4-H. Also, visit the Monterey County 4-H website at <http://cemonterey.ucanr.edu/4-H> for general information about 4-H.

Hope to see you soon!

Your friends at Aromas 4-H
