

Registration is open for the spring 2022 course!

Los Angeles Coastal California Naturalist Program 2022

Interested in learning about Southern California's coastal ecosystems, participating in citizen science, and sharing your knowledge with others? USC Sea Grant and the USC Environmental Studies Program are offering an interactive 10-week course to provide a strong understanding of the natural history and environmental issues of California, with an emphasis on coastal and watershed areas of the Los Angeles region.

- Date **The course will occur every Thursday from February 3rd through April 14th, 2022 (no class March 17th). There will also be occasional Saturday field trips.**
- Time **3:30 PM - 5:30 PM PT**
- Venue **USC campus and select field trip sites.**
- Cost **\$165; financial assistance is available. UC academic course credit is available for an additional fee.**
