Presentation Day

Saturday, March 2,

2024

Why is Public Speaking Important?

- It will enhance your ability to communicate with others and help increase your self confidence.
- Public speaking will make you more comfortable around other people.
- It is one of the most effective ways to get your point across to others.
- It will make a difference in your future life, career and community.
- Public speaking allows to demonstrate and increase your knowledge of your subject.
- The ability to speak in public makes you stand out from others in school and the workplace.
- To become a leader you must learn how to communicate.

2023-24 PROGRAM YEAR FEES

\$75 YOUTH MEMBER

\$30 ADULT VOLUNTEER

IMPORTANT 4-H Online Enrollment 2023/2024 Program Year New enrollment system for online registration

<https://4h.zsuite.org/>

Returning families already have an account set up in the system using the same email address as before. You will need to select "**Forgot Password**" and enter that email address. Then follow the process to create a new login password and four digit security pin number. (If you have been active any time in the last 5 years, **DO NOT CREATE A NEW ACCOUNT.**)

New families will need to select "**Sign Up**" and then follow the prompts to establish the new family account. Program fees can now be paid online using your credit card at <https://ucanr.edu/kern4hpayment>.

Helpful tutorial videos on how to use the new system can be found on our website at https://cekern.ucanr.edu/Youth_Development/.

Please contact Gordon Riggs at 661-868-6225 or gbriggs@ucanr.edu for membership registration questions

Make 4-H payments by credit card - see link below

[Use Your Credit Card to Pay 4-H Enrollment Fees Here](#)

[Handbook For New Families](#)

This guide was developed to help new families understand the 4-H program. Please share a copy of this with new families in your club. If you have feedback for updates to this guide, please submit them to Sue McKinney at ismckinney@ucdavis.edu or call 661-868-6235. <http://4h.ucanr.edu/files/271860.pdf>

Project Leader Checklist

This checklist is designed to assist 4-H project leaders in preparing to implement their project(s) prior to meeting with youth (Revised 10/2017)

#	X	Item
1		Have you met your Club Leader(s) and discussed your plan for implementing your project(s)?
2		Have you completed all the steps for becoming a 4-H adult volunteer? (1. Filled out the application and paid fees; 2. Fingerprinted if a new 4-H adult volunteer; 3. Completed required online orientation)
3		Do you have a list of the youth who are going to participate in your project(s) and are they enrolled in the 4-H project(s) you are going to lead? (Your Club Leader or Volunteer Enrollment Coordinator can check for you)
4		Have you developed a project description and lesson plan for what will be covered on which dates and if there will be any cost for participants?
5		Do you have a UC ANR user agreement with the facility you will be utilizing? (Your county staff member must assist you in obtaining this document)
6		Do you have completed and signed youth and adult treatment authorization/health history form on hand for all participants? Youth: http://4h.ucanr.edu/files/4726.pdf Adult: http://4h.ucanr.edu/files/20100.pdf
7		Have you provided the dates, times, and location of your project meetings to the youth enrolled in your project?
8		Is there at least one additional adult that will be on site with you at each meeting?
9		If you are going to fundraise or secure grant support for your program, have you received approval from your county 4-H staff and County Director?
10		Is there ample drinking water available?
11		Have you reviewed the "4-H Project Leaders Digest" available online at: http://4h.ucanr.edu/files/4462.pdf
12		Do you have "Annual Project Report" forms on hand for the 4-H members to keep track of their project participation? http://4h.ucanr.edu/files/220272.doc

For 4-H project leaders

Welcome to the new 4-H program year! Here are a few resources to help you think about organizing a 4-H STEM-oriented project!

- [Project Leader Checklist](#) (right)
- [Project sheets](#) (below) are a guide for 4-H project leaders to develop their projects with meaningful content. These three are examples of the dozens available!

CALIFORNIA 4-H PROJECT SHEET

4-H ANIMAL HUSBANDRY PROJECT

Animal husbandry is all about caring for animals. Most definitions specify farm or production animals but the term can also be applied to companion animals. Animal husbandry is a multifaceted topic including ethical considerations, food safety, sustainability, and more. The goal of this project is to show participants all of the different considerations that go into food production.

- Recognize the amount of responsibility and time necessary to care for production animals.
- Realize that as a producer of food, you have a big impact on consumer health.

CALIFORNIA 4-H PROJECT SHEET SERIES
Published 8/11 / April 2016

4-H PETS AND SMALL ANIMALS

"Lions, Tigers, and Bears, oh my!" do not make good pets, but many other animals do. The 4-H Pets and Small Animals projects helps youth explore the wide variety of pets available. Youth will also learn about the types of pets that fit best into their family.

- Identify breeds and animal species and their characteristics.
- Learn about the selection, care, needs of pets, and basic principles of pet behavior.
- Demonstrate care and management in feeding, handling, grooming, and fitting/showing.
- Explore health regulations, first aid, and simple treatments for ailments.
- Learn and practice animal ownership responsibilities.

[4-H Pets & Small Animals](#)

CALIFORNIA 4-H PROJECT SHEET

4-H VETERINARY SCIENCE PROJECT

"I want to be a veterinarian when I grow up."

The 4-H veterinary science project provides an excellent way for young people who care for animals and may want to follow a career in veterinary medicine, explore the topic. In this project, members will learn about animal health, behavior, and visit with veterinarians.

- Learn what is normal for different types of animals.
- Learn characteristics of different breeds and why they were developed.
- Explore the different jobs veterinarians do.
- Discover what kinds of diseases an animal might show.

[Veterinary Science](#)

Explorers of the Deep

Explorers of the Deep, focuses on the mysteries and adventures of ocean exploration—with robots! Young people learn how to use science, technology, engineering, and math (STEM) to explore Earth’s Ocean and how it relates to all life on the planet.

Explorers of the Deep activities can be done all at once or individually.

Ocean Robot Test Tank is an activity where youth learn how to “ballast” their ocean robot by adding weights to replicate the sinking and floating behavior of a real ocean robot. They will investigate data collected by ocean robots and learn about the value of ocean exploration.

Ocean Expedition is a board game where youth navigate their ocean robot around the world while Learning key ocean concepts. Topics include aquaculture, climate change, innovation, human impact and the ocean ecosystem.

Ocean Communicator is an activity in which young people investigate challenges that ocean scientists, engineers and technologists are currently exploring. They design and advocate for innovations and technical solutions that inspire public action.

United States Department of Agriculture

Farm Service Agency

Youth Loans

FACT SHEET

August 2019

Overview

The U.S. Department of Agriculture's Farm Service Agency (FSA) makes operating loans of up to \$5,000 to eligible individual youths ages 10 to 20 to finance income-producing, agriculture-related projects. The project must be of modest size, educational, and initiated, developed, and carried out by youths participating in 4-H clubs, FFA, tribal youth organizations, or similar agricultural-affiliated groups.

The project must be an organized and supervised program of work. It must be planned and operated with the assistance of the organization advisor, produce sufficient income to repay the loan, and provide the youth with practical business and educational experience in agriculture-related skills.

Who May Borrow

To qualify for a loan, the applicant must:

- Comply with FSA's general eligibility requirements; and
- Conduct a modest income-producing project in a supervised program of work.

How Loan Funds May Be Used

These loans can finance many kinds of income-producing agricultural projects. The loan funds may be used to:

- Buy livestock, seed, equipment, and supplies;
- Buy, rent, or repair needed tools and equipment; and
- Pay operating expenses for the project.

How It Works

To apply, the applicant must submit completed plans and budgets signed by the project advisor and parent or guardian along with the FSA application for loan assistance.

These loans:

- Have a maximum loan amount of \$5,000 (total principal balance owed at any one time cannot exceed this amount);
- Have an interest rate that is determined based on the cost of money to the federal government (after the loan is made, the interest rate for that loan will not change);
- Will be secured, in addition to promissory notes, by liens on the products produced for sale and on chattel property, including livestock, equipment, and fixtures purchased with loan funds; and
- Have a repayment schedule that varies depending on the type of project for which the loan is made. For example, if it involves raising livestock or crops, the loan is paid when the animals or produce are normally sold.

More Information

For more information, visit fsa.usda.gov/farmloans or farmers.gov. Find your local USDA Service Center at farmers.gov/service-locator.

USDA is an equal opportunity provider, employer, and lender.

Food Safety Training Available ONLINE!

The service of safe food should be a priority for all University of California (UC) events. Any activity where food is served (potlucks, luncheon meetings, etc.) has the risk for food borne illness. If a 4-H YDP group plans to serve food as part of an official 4-H YDP activity, the food preparation and service must be in compliance with all local (city and county) health department rules and state laws. In addition, it is imperative that all county based rules and regulations governing food service activities be observed, including securing appropriate permits. Food Safety trainings are available anytime online! Please visit the website below, and use the provided sign-in/user information:
