This member showed at fairs, made bee produce items, and was a teen leader for the project. She was a director for the General Plants and Animals Department at the San Gabriel Valley Fair, and did all the work for her department. This member was active in caring for the club's bee hives and maintaining them. The member also cared for an elderly neighbor's hives and maintained them when he was unable to care for them. Wild bees were also a concern of this member who studied ways to conserve, protect and increase their numbers. All our bees are endangered and we need projects like this to help our environment.
